

## COMPACT Project - Newsletter July 2019 - October 2019

### The COMPACT Information Hub

COMPACT delivers easy-to-use Risk Assessment Tools, tailored for non-technical profiles, Security Awareness Training, educating through dedicated games about cyber-risks, Cyber Security Monitoring Services, activating alerts about anomalies and guidance on possible solutions, and Knowledge Sharing Services, among them, the **COMPACT Information Hub**. This is an online space open to private organisations, public administrations, CERTs, policy makers and individuals to create and enhance collective knowledge about cybersecurity. Join the community! [Read more](#)

### COMPACT scientific results

Throughout the project, COMPACT partners have been actively involved in scientific activities. Read about the results achieved. [Read more](#).
