

COMPACT Project - Newsletter November 2017 - April 2018

An effective cybersecurity solution from strong collaboration with LPAs

The latest events related to the unauthorized treatment of millions of Facebook users' personal data by the voter-profiling company Cambridge Analytica and the forthcoming General Data Protection Regulation (GDPR) have again pointed out the absolute relevance of personal data security and, at the same time, raised concerns about the level of public awareness about this issue. In this challenging panorama, the H2020 project COMPACT (COmpetitive Methods to protect local Public Administration from Cyber security Threats) is operating to improve the level of protection of LPAs. The Municipality of Amadora (PT) - LPA representation in COMPACT

Meeting the objectives outlined in the application for the project Work Packages, the municipality of Amadora contributes to the overall project development participating in a wide range of activities. From its participation, CMA expects advances in the realm of cybersecurity through the tools and services made available by COMPACT – real-time monitoring, security awareness training, risk assessment, and threat intelligence. Meetings

- 2nd Plenary meeting and workshop in Lisbon – January 2018
- 3rd Plenary meeting in Madrid – April 2018

Deliverables submitted

- Psychological Factors
 - Services and Contents Specifications
 - Overall COMPACT architecture
 - Awareness Methods
 - Components Evolution Plan
 - S.E.L.P. by Design
-

COMPACT Presentations

- TAKEDOWN Workshop – Brussels, Belgium - 16th November 2017
- VITAKO Conference – Hamburg, Germany - 23rd-26th November 2017
- Amadora internal Training session – Amadora, Portugal – 27th November 2017
- 11th Computers, Privacy and Data Protection Conference (CPDP) - Brussels, Belgium – 24th-26th January 2018
- Privacy Law Scholars Conference – Brussels, Belgium – 27th January 2018
- Cybersecurity Workshop for LPA – Setúbal, Portugal – 23rd February 2018
- Cyberwatching.eu Concertation Meeting – Brussels, Belgium – 26th April 2018
